Where to Go: Health Sciences North (HSN) has two main access points, one is the entrance that expands from the PRT-covered walkway, and the other is the side door of the building when you arrive to the top of Health Sciences (above the WVU Rockefeller Neuroscience Institute (RNI) and to the far left of the Cancer Center; there is a small garden/outdoor oasis between the North and South buildings, when facing the garden straight ahead, go to the left). Please see pictures below for reference.

Pictured here is the view of Top of Health Sciences adjacent to Cancer Center and above roundabout/Ruby Memorial Hospital. Arrows point to two entrances, with detailed entrance pictures below that.

Pictured here is HSC North Side Door Entrance. This is where the conference registration/check-in table will be located.

Pictured here is HSC North PRT Walkway Entrance (front view left; side view from parking lot right). If entering here, go through two sets of double doors and to the right once inside down Pylons/Room 1900s hallway.
